SoftEar™

PASSIVE IN-EAR HEARING PROTECTION

Sordin offers a full range of passive earplugs to complement its earmuff hearing protector range. Sordin SoftEar comprises five different product categories including disposable/ reusable and corded/uncorded models. All products come in at least two different size variants for easy fit for all users. Sordin also offers a reusable dispenser for easy accessibility.

QUICK FACTS

Disposable earplugs

- Made of polyurethane
- Soft earplugs, gives low pressure on the ear canal
- High comfort
- Flat attenuation
- X-grip for easy handling when removing from the ear (S/M model only)
- Long recovery time allows sufficient expansion time
- Also available in corded versions

Reusable earplugs

- Made of TPE
- Can be washed
- Easy to insert
- Handy storage box

Dispenser for disposable, uncorded earplugs

- Holds 600 plugs
- Easy to refill
- Dispensing in both directions
- One plug at a time
- Reduce storage space
- Environmentally friendly
